

INTRODUCTION

State law changes in Georgia impact many provisions in the ordinance codes of Georgia municipalities and counties. This pamphlet is intended to assist municipal and county attorneys in the identification of provisions in ordinance codes that may require revision in light of state law. The information in this pamphlet is based upon the experience of the legal staff of Municipal Code Corporation in working with the ordinance codes of Georgia municipalities and counties.

This pamphlet is current through the 2019 Legislative Session.

Not all provisions of this pamphlet will apply to every code, nor does this pamphlet purport to include all state laws that may somehow affect the language of a code.

The provisions of this pamphlet are intended to assist municipal and county attorneys and are not intended to be a substitute for the advice of counsel.

It is not the intent of Municipal Code Corporation in publishing this pamphlet to provide legal advice. An attorney admitted to practice in Georgia must be consulted as to the applicability of a given statute or case to a particular situation.
