

**SIGN TYPE #36
TEMPORARY MODEL HOME DIRECTIONAL SIGNS**

- Sign purpose: Temporary ground sign which provides directions to a model home complex (and to an apartment complex, for the life of the sign).
- Sign use: Only allowed while a model home complex exists.
- Sign location: In, or adjacent to, village where model home complexes are located.
In public right-of-way; or on private property with owner's consent.
Outside of sight distance triangles.
Not obstructing regulatory signs or traffic signal controllers.
- Maximum number: One sign per change in direction from perimeter of village to model home complex.
- Maximum sign size: 6 feet high above grade at midpoint of sign.
6 feet wide.
36 square feet.
- Sign copy: Name and symbol of village and the names of residential for-sale projects and apartment complexes in that village; and directional information, including arrows. Brand names and information which makes the sign appear to be advertisement, such as ® and ™, are prohibited.
- Maximum character size: 12 inches high.
- Sign material: Wood or metal.
- Sign illumination: None.
- Sign removal: Signs shall be removed when model home complex no longer exists.
- Permit required? Yes
