

MISSOURI STATE LAWS

State law changes in Missouri impact many provisions in the ordinances and codes of Missouri cities. This pamphlet is intended to assist city attorneys in the identification of provisions in ordinance codes that may require revision in light of state law. The information in this pamphlet is based upon the experience of the legal staff of Municipal Code Corporation in working with the ordinances and codes of Missouri cities.

This pamphlet is current through legislation approved through H.B. No. 1816 and emergency legislation approved through July 7, 2016, of the Second Regular Session of the 98th General Assembly.

Not all provisions of this pamphlet will apply to your Code, nor does this pamphlet purport to include all state laws that may somehow affect the language of your Code.

The provisions of this pamphlet are intended to assist city attorneys and are not intended to be a substitute for the advice of counsel.

It is not the intent of Municipal Code Corporation in publishing this pamphlet to provide legal advice. An attorney admitted to practice in Missouri must be consulted as to the applicability of a given statute or case to a particular situation.
