INTRODUCTION

State laws in Virginia impact many provisions in the ordinance codes of Virginia counties, cities and towns. This pamphlet is intended to assist county, city and town attorneys in the identification of provisions in ordinance codes that may require revision in light of state law. The information in this pamphlet is based upon the experience of the legal staff of Municipal Code Corporation in working with the ordinance codes of Virginia cities, towns and counties.

This pamphlet is current through the 2018 Regular Session and the end of the 2018 Special Session I.

Not all provisions of this pamphlet will apply to a particular code, nor does this pamphlet purport to include all state laws that may somehow affect the language of a code.

The provisions of this pamphlet are intended to assist city, town and county attorneys and are not intended to be a substitute for the advice of counsel.

It is not the intent of Municipal Code Corporation in publishing this pamphlet to provide legal advice. An attorney admitted to practice in Virginia must be consulted as to the applicability of a given statute or case to a particular situation.
